SHERIFF TO ADDRESS TOWNSHIP WARDENS

CENTERVILLE—Sheriff H. P. "Jack" Gleason will address a mass meeting of Washington Township's 450 Air Raid Wardens and Special Deputies this Friday evening at 8 o'clock in the Washington High school auditorium.

A feature of the evening will be the showing of a motion picture of the Bombing of London presented by John Goodwin, a member of the Oakland board of education.

This interesting news was brought to Niles Wednesday morning by Liaison Officer Peter Starasinic of Hayward, who also advises that, starting next Tuesday evening, February 3 an open forum and a twice-a-week course of instruction for the general public will be held on Tuesday and Friday evenings in the high school auditorium for the next five weeks.

These meetings will be open to every Township resident who has signed up for any department of civilian defense work who has received a card of acknowledgement from the district attorney's office, showing their application for service has been filed and classified. The public may also come and ask questions, which will be answered from the platform.

Numbered OCD arm bands have been received by the Sheriff's Special Deputies throughout the Township, the number on the white band bearing the identification number given the authorized person wearing it.

Persons who have not yet signed up for work in some civilian defense activity will find registration cards, usually at their local grammar schools. The Air Warning Service posts at Newark and Niles need more volunteer workers just at present.

AVIATION CADETS

Requirements for enlistment as Aviation Cadets have been simplified. The new regulation offers a test which enables immediate enlistment. **YOUNG MAN — HERE IS THE NEW PLAN —** You may apply if you are an American Citizen of ten years standing, between 18 and 26 years of age inclusive and of good character; all proven by documentary evidence.

You must have perfect eyes, must not be color blind and must be physically sound without physical deformities.

Any Chamber of Commerce—Elks Club—Veterans Organization or U. S. Army Recruiting Station will tell you how and where to make your application for aviation training.

Aviation Cadet Examining Boards give a preliminary test for enlistment and appointment, followed later on by tests to determine the Aviation Cadet training for which you are best fitted.

TOWNSHIP HOMES WANTED FOR ABLE AGNEW PATIENTS

AGNEW—There is a continuing demand for good homes for indigent persons, both men and women, from middle age up, where they can provide companionship and are in good enough physical health to assist with house or farm work, according to Mrs. Elizabeth Taylor, institutional field worker with the State Department of Institutions.

These people, while childish mentally, are harmless and cogent, and are always given a physical examination before being released from the Agnew State Hospital to private homes. Childless homes are preferred.

The Agnew institution has state funds from which to contribute to the maintenance of these mental cases placed in private homes, such payments being permitted up to a maximum of \$25 per month. The patient is usually able to earn the balance of their cost for room and board.

Many patients are well enough to leave the hospital, but have no homes where they can be placed where a normal adult, either man or woman, or both, can help direct the activities of the patient.

Mrs. Taylor says that after a patient is placed in a private home a social worker calls regularly once a month, or oftener if requested, to note the condition and welfare of the patient. Homes in the rural areas of Washington Township are especially desired, as such homes provide the most beneficial environment for the continuing welfare of these sub-normal persons. Many of the patients need to feel they have a friend and can become normal individuals again, according to Mrs. Taylor.

Single persons, whether man or woman are thus offered an opportunity to share their home with another man or woman, while receiving a small monthly payment for their generosity.

Application should be made to Mrs. Elizabeth Taylor, or to Mrs. Florence Glenn, superintendent of the Agnew State Hospital.

SON WITH A.E.F.

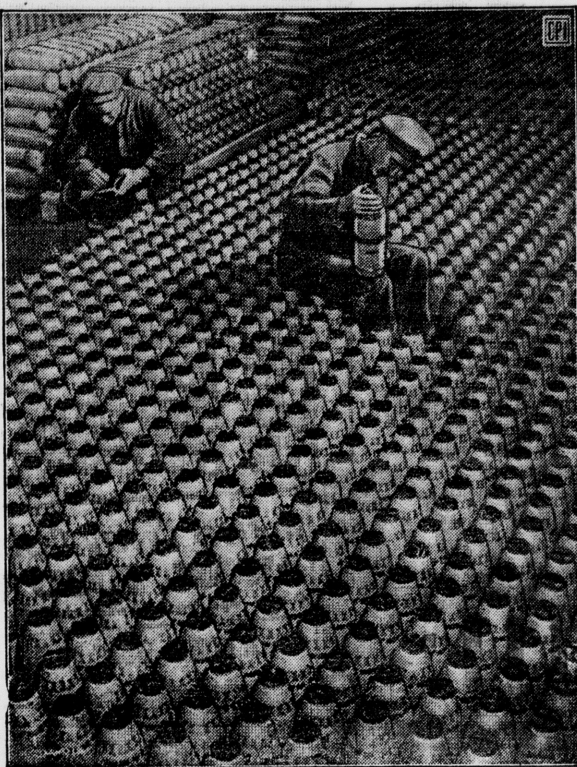

Lieutenant Lester Dray Jr. phoned his parents, Mr. and Mrs. L. R. Dray of Niles via long distance from the East Coast on Tuesday night saying "goodbye, he was on his way." No destination was mentioned but Mr. Dray believes his son is now in one of the many A.E.F.s which President Roosevelt acknowledges are being spread out over the world.

HOME NURSING CLASS

IRVINGTON — Mrs. Manuel Silva chairman of Parent Education for the Irvington P.T.A. announces that a class in Home Nursing started on January 27 from 9:30 to 11:30 at the Irvington Elementary School with Mrs. Ethel Grau as leader. The class will run 12 weeks and any-one wishing to take the course is asked to come to the class next Tuesday morning.

Mission Dolores and the Government Presidio are San Francisco's two oldest landmarks.

Canada—Arsenal of Empire

Passed by Censor
Pictured here is a corner of one of the largest shell manufacturing plants in the British Empire. It is located in the Province of Quebec. Only twelve months ago they were harvesting corn on the same spot, Canada's war effort is expanding like that. Before the war the Dominion made no shells. Today Canada is manufacturing 22 types of gun ammunition of ten different calibers at the rate of millions of rounds a year. One bomb factory alone will produce more than 100,000 500-pound bombs a year.

COLLECTORS TO ASSIST INCOME TAXPAYERS

Deputy Collector George Perry advises this office he will be on duty to help income tax payers make up their reports this coming week, in the various towns of Washington Township, as follows:

Monday, February 2: in the Newark postoffice. Deputy Frank Sheridan at the Bank of America in Centerville, and Tuesday also.

Tuesday, February 3: in the Central Bank at Irvington.

Wednesday, February 4: Mr. Sheridan at the Central Bank in Niles, and Thursday also. Mr. Perry in the Mission San Jose Postoffice.

Thursday, February 5: Mr. Perry in the Central Bank at Alvarado. Income tax payers are invited to bring their questions to these officials while the latter are on duty at the town nearest the taxpayer's home.

There is no charge for their counsel or instructions.

ONLY FOUR APPLY FOR NEW TIRES

CENTERVILLE — The Township Tire Rationing board held its first formal session on Wednesday of last week in the justice courtroom here to find that only four applications had been made to purchase tires from among the Township's allotment of 41 tires. The monthly quotas are not cumulative, so all must be sold during the month for which they are allotted. The board consists of J. R. Blacow, chairman, Mrs. Helen Ford and George Roeding, Jr. of Niles.

125 CARS SALT

ALVARADO — The largest order for salt ever to leave Washington Township is being shipped daily by the Leslie Salt company as 125 cars of crude salt leave the Baumberg depot each day for the Oakland docks, whence it goes by vessel to the Pacific Northwest for use in defense chemical plants, Southern Pacific Agent Wilson at Alvarado announces.

Mr. and Mrs. J. S. Shinn entertained Reverend Henry Stauffer of Berkeley at dinner last Sunday.

OLD AND YOUNG MAY HARVEST CROPS THIS FALL

CENTERVILLE — The meeting of the Eden-Washington Farm Center held recently at the high school here gave most of its attention to the problem of harvest hands, particularly for sugar beets and tomatoes during the fall months this year.

It is believed that women, older men, and school children even from city schools may have to volunteer for harvest work this fall as a patriotic activity. Walter Gamman, manager of the federal employment office in Hayward asked that needs for agricultural labor be listed with his office by growers, and that schools estimate the number of pupils who can work in the crops.

Ezra Decoto of Oakland discussed regulations governing alien Japanese engaged in business in this country.

FOUR COMPETE FOR IRVINGTON POSTMASTER JOB

Four persons took the written examination for Irvington Postmaster at the Niles Elementary school last Saturday morning with Postoffice Clerk F. W. Shepherd in charge. Their papers were forwarded to Washington where it will take about three weeks to grade them and make recommendations, he says.

Those taking the examination, all of whom have been residents of Irvington for more than a year, were Manuel Joseph, incumbent postmaster, Mrs. Pearl Dargitz, Mrs. Louis Hirsch and Roy Campos.

NEXT "R" DAY

Every man in the State of California between the ages of 20-44 years, namely those whose birthdate occurred between February 17, 1897 and December 31, 1921, who has not previously registered under the Selective Training and Service Act must do so sometime between Saturday, February 14 and Monday, February 16. Registration places will be open between the hours of 7 a. m. and 9 p. m.

TOWNSHIP GIVES \$7,618 ON \$5,000 RED CROSS QUOTA

CENTERVILLE — Washington Township has gone "over the top" in raising its quota in the Red Cross War chest, and has established a new top, according to Frank Dusterberry, Township chairman of the drive.

Below is the report as of January 28 of the amount collected in the various towns in Washington Township for the War Disaster Relief Fund:

Alvarado	\$1,136.50
Centerville	1,503.61
Decoto	644.05
Irvington	906.00
Mission San Jose	231.50
Newark	1,060.00
Niles	1,328.47
Warm Springs	215.29
Japanese Citizens League and Japanese Association	593.22

Total \$7,618.64

Anticipated further returns from Niles and other towns should make Washington Township contribution exceed \$8,000. Japanese organizations and money contributed by them to town's quotas represents 10 percent of the total. Every town in the township far exceeded the quota assigned to it and in some instances more than doubled its quota.

The sincere thanks and appreciation of the Red Cross, and my personal thanks, is gratefully extended to all members of town committees and to the individuals who donated so generously, in this time of national peril. Washington Township and all who participated, as worker or donor, can well be proud of the results accomplished.

Chairman, Washington Township

SIX DAY STORM BRINGS 4.66 INCHES OF RAIN

Nearly a week of heavy rain began on Thursday of last week and ended on Wednesday of this week; when the sun shone brightly to try and dry off soaked fields and highways.

Starting with a seasonal total last Thursday of 9.67 inches of rain, the six day wet spell brought 4.66 inches, swelling the total to 14.33 inches to Wednesday morning of this week.

The new rainfall for January in the Niles district, according to the daily records kept by the Southern Pacific company at Niles follows: (Readings made at 8 a. m. for the preceding 24 hours)

Total to Jan. 7	9.66
Jan. 8	.21
Jan. 22	.44
Jan. 23	.04
Jan. 24	1.46
Jan. 26	1.12
Jan. 27	1.32
Jan. 28	.28

Total to Wed. a. m. 14.33

Nearly an inch and a half of rain fell here from Friday morning to Saturday morning of last week, and the heavy fall continued all day Saturday to bring an added 1.12 of moisture to Monday morning.

The storm of Saturday afternoon and evening carried so much mud into the Sullivan Underpass the new county pump was clogged and the underpass was closed Saturday night and several days thereafter. A county road crew worked there Sunday, clearing out the mud.

Several roads in the Township were closed because of flooded conditions. Farming activities can go ahead as soon as wet fields dry out a little and sunny days make farm work possible.

MEN'S CLUB DINNER

He may not know it, but E. E. Dias of Niles has "contracted" to provide a "Dee"-licious dinner at the next meeting of the Men's Fellowship club of the Niles Congregational Church, to be held next Wednesday evening at 6:30 o'clock in the Guildrooms. Reservation cards have been sent out and their early return is requested by "Chef" Dias.

The E. H. Erick Plumbing company the first of this week built and installed a modern pair of sinks with linoleum drainboards in the Niles Sweet Shop.

MORE OBSERVERS NEEDED AT NILES WARNING POST

(Special to the Register)

More volunteer observers are wanted at the Niles Air Warning Service Post in the comfortable quarters at the Memorial Building in Niles, according to Jack Vieux, Township chairman of this activity.

Recently, persons who have signed up to work a certain four-hour shift fail to show up when the time comes, leaving the chief observer to find somebody else at the last moment, or stand the watch himself. Vieux says he has taken the places of nine persons who have failed to show up during the last week or so.

This is not the spirit of the Observation Service, which the Army says is the most important civilian activity now being maintained in California.

Men and women, whether young or old, who live in the Niles school district are urged to "do their bit" by signing up with this service, and then reporting for duty for the four hour periods assigned them.

CHRISTIAN SCIENCE
CHURCH

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, February 1, on the subject "Love." The Golden Text will be: "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him," (I John 4: 16).

Bible selections will include the following passages from Matthew 17: 14, 15, 18: "And when they were come to the multitude, there came to him a certain man, kneeling down to him, and saying, Lord, have mercy on my son: for he is lunatick, and sore vexed: for oft-times he falleth into the fire, and oft into the water . . . And Jesus rebuked the devil; and he departed out of him: and the child was cured from that very hour."

Passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which read as follows: "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God, — a spiritual understanding of Him, an unselfed love . . . The power of Christian Science and divine Love is omnipotent. It is indeed adequate to unclasp the hold and to destroy disease, sin, and death," (pp. 1, 412).

Hall. Committee of arrangements for the afternoon's social is in charge of the following: Mrs. Angie Furtado, chairman, Anna Ferraris, Mary Caldeira, Helen Lewis, Mariana Mattos, Elsie Madruga, Della De Leon, Florence DeLuce, Mary Dias, Marie Lewis, Marion Lewis.

Members held their annual dinner on Thursday evening, January 29 at the International Kitchen at 7 p. m. with Lucille Brown, Hortense Avilla and Florence Freitas on the committee.

February 1 officers of this institute will attend the District Conference at St. Francis DeSales Hall, Oakland.

Fourteen of the members have signed up for the First Aid Course being conducted at Washington Union High school and many more are planning to participate in Home Nursing classes to be conducted in the Township.

DISTRICT PRESIDENT

The following officers of the 13th district of the California Republican Assembly were elected at a recent meeting: Clark A. Griffin, president; Ernest A. Schween, vice president; Mrs. Adeline Santos, secretary; Mrs. Emma Kessler, treasurer and Cyril Roche, county director.

OFFICIAL VISIT

CENTERVILLE—Victory Circle of the United Ancient Order of Druids received Mrs. Minnie Lino of San Francisco, grand arch-druidess on her official visit at their meeting held Monday night in Anderson's hall here. Mrs. Lois Paul, arch-druidess and her committee prepared for the visit and refreshments were served to the members and guests. A basket of groceries, donated by the members, was given away that night.

NEW LION'S CHIEF

CENTERVILLE—With the departure of Alvin Morse of the high school faculty as president of the Lions club here, because of his removal to new work in San Francisco, Manuel W. Lewis has been named president. Lewis conducted his first meeting Tuesday when Judge Allen G. Norris served as program chairman.

P. T. A. PROGRAM

CENTERVILLE—The program of the Centerville PTA held at the Grammar school Tuesday afternoon consisted of an address by Miss Florence Little of the Alameda County Library staff and Miss Helen Audifred, director of the pre-school play center, who presented dramatizations.

THREE DANCES

NEWARK—The S. E. S. Corporation, owners of the Newark Pavilion announce a series of three chamarras and dances will be held each Sunday afternoon at the Pavilion, with a nominal charge being made. The series will begin this Sunday, February 1 to be followed by dances Sunday afternoon, February 1 to be followed by dances Sunday afternoons, February 8 and 15, according to Director J. E. Pashote.

"GREAT SNAKES!"

MISSION—Who said "Gals are afraid of Snakes." Miss Nelle Warren proved they were not on Sunday here in the Mission. She posed and had pictures taken with several vicious looking reptiles draped about her neck. A snake buyer and collector passed through here and displayed various species to the public as they flocked around. One Texas diamond rattler when stretched out was six feet long and had 11 rattles. It was housed in a screen-covered cage and was quite irritated at the attention he was getting. "Snaky" as the collector was called had two boa constrictors of the Mexican type about five feet long and two boxes of small rattlers which he handled for the crowd. He has been bitten a number of times by the snakes in his several years of travel and collecting.

COUNTY PRESIDENT

SCHOOL TRUSTEE HONORED
(Special to The Register)

CENTERVILLE—Mr. Manoel Oliverira, local orchardist, will be honored by inclusion on an honor roll of men and women who have given service as school trustees for twenty-five years or more, according to an announcement made by the California School Trustees' Association, now preparing its year book. Mr. Oliverira has served the Centerville Elementary School district for over thirty years.

COUNTY SCHOOL
TRUSTEES TO MEET
ON FEBRUARY 2

The Alameda County School Trustees Fifth Annual Meeting has been called for February 2, 1942, at 6:30 p. m., in the Veterans Memorial Building, San Leandro, by County Superintendent of Schools Edgar E. Muller.

Ralph E. Hoyt, District Attorney and Chairman of the Alameda County Council of Defense will speak on the part public schools are expected to play in civilian defense; certain duties and responsibilities must be assumed by everyone.

The meeting will include dinner and ample time has been allowed for questions for those in attendance.

While each school district is obliged, under laws set forth in the California School Code, to appoint an official representative to attend this meeting, Superintendent Muller is confident that because of the timeliness and importance of District Attorney Hoyt's subject, every trustee and member of boards of education in Alameda County will attend.

SCHOOL TO HOLD

FORMER OFFICER GIVES ADVICE TO NEW CROP FLIERS

The following letter, written by a flying officer of the last war to a local student at a nearby university contains some useful advice to other prospective flying cadets and is published for their guidance and encouragement:

January 5, 1942

Dear Tom:

Your letter of December 30th received and like your self I have put off writing to you and the folks since we were up last fall for no good reason at all. Just seems like I never get time to do all the things that I want to as Captain Bill demands so much of my time now. He has gone in strong for uniforms, he has a service and dress uniform of the Air Service and now another service uniform of the field artillery. It is just fine when you can dress them in uniforms and keep them with you but when you have to part with them when they are called to active service will mean the supreme test on many a parents' patriotism.

Now Tom to answer your letter, I must admit that I have put off answering it but it seems that the longer I put off answering it the harder it is for me to come to a decisive answer but allow me to first state, "That it is not as we had planned." Our old plans of

you completing your medical education and then your flying to become a Flight Surgeon. With all the hope in this Old Body of mine the one hope is that at the worst it can only be the reverse of our plans. But the following you must do!

1. Go back the 5th of January which is today and knock all your finals for the highest grade that you can, make them A's if you can, do not be satisfied with a B if you can make an A. This is very important as the Navy will surely judge your stick-to-it-ness by this last effort. This you will find will stand you in high in their good grace many a time as it has long been the Number One demand of our Naval Air Corps that this quality must be outstanding in their FLIERS. Allow me to add that both the Marine and Army Air Corps have the same requirement. The proof of this is as you stated in your letter, "Remember Pearl Harbor, also Wake, Guam, Manila and Burma."

2. Yes, Tom I approve of your selection of service and branch because I know that you have the ability to pass all their mental examinations with Flying Colors as to the physical, one look at you and you would be passed. That is the stuff Tom, why be a sergeant in the Artillery when with so little mental effort you can have an officers commission. Not to flatter you Tom but I just know that you will make it but always remember "To give commands you must be able to be commanded and at times the road to a commission will seem hard but stick to it and you will get it.

3. Tom you will meet with all kinds of men in the service, and there will be temptations galore but with your bringing up and background I know you will pass them up. Above all things keep a sober head never on any excuse use any alcohol when flying, if it will not mix with driving on the highway it is ten times worse in the air. Tom I have watched you grow from a young boy to a young man, enjoyed your companionship yes and at times envied your mother and father because I did not have a son like you. Now I have a son who is the apple of my eye, I hope the time will never come when he will have to ask me the same question, but if it does my answer will be the same as I have given you. While the airplane of today is a far step from the planes I flew I would like to steady that joy stick for you and to remind you that you must at all times go easy on the rudder yes even while stunting, caution and good judgment has to be used. Learning to fly is only part of the game of being a flying officer, there will be long hours of drill, fatigue duties and studies which by all means must be learned thoroughly. Learn your machine guns, be able to take them down and assemble them with your eyes shut, while you may never have to actually do this feat during this war you will at least know if your guns have jammed and are useless.

Well Tom I could go on and fill up several pages but if you will always keep that thought of coming back and finishing up your medical course filed away in your

mind I just know you will. We will all be pulling for you from the very first beginning to the end, and remember the future lives of so many depend upon all too few a number of young fliers.

Your Uncle Bob.

CENTERVILLE NURSES COMPLETE ORGANIZATION

CENTERVILLE—Working plans were perfected and final organization of the Centerville Volunteer Nursing Service was completed at a meeting of the committee held last week in the home of Mrs. W. L. McWhirter here.

The early part of the meeting was spent in making sand bags using sand donated by George Bonde, manager of the P. C. Hansen Lumber Company.

Following a general discussion by committee heads Mrs. Frank Dusterberry and her assistant, Mrs. Daniel A. Fitzgerald reported for the equipment committee that the board of trustees had made available the use of the Centerville Elementary school building for the care of the ill or injured in case of a major disaster. The auditorium has a capacity of 60 beds and each room can accommodate about 23 patients.

In emergency the cafeteria will be run under the supervision of Mrs. C. E. Anderson. Personal property of those admitted will be listed by Mrs. Manuel Brazil, Mrs. Fred Rogers and Mrs. Fuller.

Mrs. George Emerson, Mrs. Ralph Emerson and Mrs. Manuel Santos have listed available equipment such as cots, blankets, hot water bottles etc. and will have them brought to the school when needed. Keys to the building can be obtained from Mrs. Thomas Maloney, Clarence George or Joseph George. The latter lives directly opposite the grammar school.

Mrs. George Silva, chairman of the nursery committee reported the following women are prepared to take care of children in their homes: Mesdames William Bauhofer, Edward Chamberlain, E. F. DeBorba, Robert Francis Warren E. Gravestock, Joseph Kirkish, Allen Norris, C. C. Perkins, George Pimentel, John Santos, Joseph Santos, George Silva, Edward Vierra Miss Mary Dias.

Mrs. Fritz Waltenberger of Al-len Court generously donated the use of her home and services taking care of infants whose parents may be injured or lost. Ten bassinets and cribs have been listed as available for disaster use, with a nurse in charge.

Mrs. McWhirter asked all parents to provide identification tags for their children to include their name and address. The Centerville first aid kit was reported completed and sufficiently extensive to care for Centerville's possible needs.

District classes in home nursing and hygiene will begin soon. The following nurses were present: Mesdames George Holuman, C. N. Myrick, Alwyn Searles, V. Willard and Ann Ripke.

OFFERS USE OF CHURCH PROPERTY

CENTERVILLE — According to F. T. Dusterberry, Chairman of Red Cross Monsignor Alfred M. de Sousa, pastor of Holy Ghost Catholic Church, Centerville has placed at the service of the Red Cross all church property as may be needed in any disaster. This includes the use of the Parish hall for meetings or for use as a hospital. Many will recall that the Parish hall was used as a Red Cross hospital during the flu epidemic during World War one.

NEWARK DOUBLES QUOTA

NEWARK — A. E. Francis, chairman of the Red Cross war drive for Newark wishes to extend his thanks to the following committee who assisted him during the successful drive in Newark: Sam Scott, Paul Gygas, Chester Gunn, J. E. Pashote, M. D. Silva Jack MacGregor, Ray Truscott William Dutra, John Callow, Arthur Cotton, and the various organizations and the people in Newark. Newark's quota for the Red Cross drive was set at \$500, and well over \$1,000 was received.

FIRST AID CLASS SHOWN USE OF ALUMINUM LUNG

CENTERVILLE — A class of 76 men and women who are taking the standard Red Cross first aid course at the Evening High School recently saw a demonstration of the aluminum lung put on by Dallas Paul and Tom Silva, Jr. The lung is the property of the Township Health Center board and is kept available in the Chapel of the Palms for use anywhere in the Township.

The class was also shown artificial respiration methods by a first aid team from Newark consisting of Mr. and Mrs. Dwight Cogswell and Mr. and Mrs. George Hinkley.

Public classes are held every Tuesday and Thursday evening in the high school, and the public is invited, according to Principal Barton Webb.

BEDSIDE NURSING CLASSES BEGIN AT CENTERVILLE

CENTERVILLE — A course of 12 two-hour lessons is being held morning and afternoon each Tuesday in the high school here for women interested in learning bedside nursing, according to Mrs. W. L. McWhirter, Centerville Chairman of the Volunteer Nursing Service.

Morning classes run from 9:30 to 11:30 a. m. and afternoon classes from 2 to 4 o'clock, although the Tuesday classes may be changed to some other day.

Classes also began this week in Irvington and Newark, according to Mrs. E. C. Grau, Township Chairman of the Graduate Nurses.

Women of the communities who are anxious to "do their bit" are urged to attend the classes held nearest to their homes.

AID DEFENSE WORK

The American Legion Auxiliary of Washington Township met recently in Niles and promised to assist with the Ground Observation Work at the Pacific Gas and Electric sub-station in Newark. NEWARK PAPER DRIVE

NEWARK — The Newark school awarded prizes to students last week for bringing in the most paper, cardboard, and magazines during the paper drive which was held by all schools in Alameda county for the American Red Cross. The Newark school gathered 9½ tons of paper. Alan Carter, who gathered 66 feet of paper, cardboard, and magazines was awarded first prize, which was ten-cent United States Savings Stamps. Tommy Gunn was awarded second prize with two twenty-five cent Defense Stamps. There will be other students who will receive stamps.

Miss Wini Bendel will spend the weekend with her aunt Mrs. E. E. Wood in Mill Valley.

NEWARK FIREMEN CONTINUE THEIR TRAINING COURSE

NEWARK—The Newark Auxiliary Firemen held their regular session Tuesday evening at the Newark Station with twenty-two Auxiliary men present. The purpose of these meetings is the conducting of classes each Tuesday evening at the fire station at 8 p. m. on emergency fire department training for national defense.

The auxiliary firemen in two sessions have covered four lessons involving such material as the telephone and fire alarm system used in Newark; demonstration and lecture on the apparatus, tools and equipment in general; how to handle and protect fire hose and couplings; and the various types of bombs and their handling.

The group was given demonstrations in coupling and uncoupling hoses how to use and refill a fire extinguisher, laying out hose from the hydrant to the fire, the different types of tools used, etc.

Newark at the present time has 45 regular and auxiliary firemen, but if a serious disaster should occur here additional help will be needed.

Six additional applications for this training program were filled out making a total of 27 applications signed and considered up to date by the advisory board of the fire department.

"FIRE-CHASERS" IMPEDE WORK OF NEWARK FIREMEN

NEWARK — The Newark Fire Department on Wednesday evening at 6 p. m. experienced its first fire call since the declaration of war at the home of Mr. and Mrs. Lawrence Costa during a high windstorm. Although the fire was not serious it seemed as though all the automobiles in Newark crowded in front of this particular house making it difficult for the firemen and the apparatus to move about.

The Chief warns people to park their cars at least one block from the scene of a fire and keep the road clear at all times. All people who are not connected with the department are ordered to keep away from the scene of the fire. There was no damage as the blaze was confined to the chimney. Mrs. Costa and her neighbors had the fire under control when the fire fighting apparatus arrived.

JOINS MARINES

CENTERVILLE — James Emerson, popular local young man enlisted in the Marine Corps several weeks ago and is now in training at San Diego. His friends may write him care Platoon 76, R.D.M.C.B. at San Diego.

SCHOOL STUDENTS MAY JOIN THE NAVY AND STAY AT HOME!

Effective immediately — Students now in school or college who have reached the age of 17 and have not yet had their 20th birthday may be enlisted in class victor —1, U. S. Naval Reserve and may upon their own request be placed on inactive duty until completion of current scholastic year.

Schools and colleges are encouraged to give extra physical training and studies to young men in this category during the next four months as recommended by Bureau of Navigation. Naval recruiting will continue on a voluntary basis, according to a special announcement sent this newspaper.

MANUFACTURES URGED TO VISIT NEW "WAR CLINIC"

SAN FRANCISCO — Every Northern California manufacturer, no matter how small his plant, was urged today by the United States government to visit the permanent "war clinic" opening at the Whitcomb Hotel here February 2.

Northern California is expected to develop millions of dollars in new business through the exhibits of hundreds of articles, needed now in the war effort. The exhibitors will be open for inspection six days a week to those with manufacturing facilities.

SEW FOR RED CROSS

CENTERVILLE — Mrs. Josephine Morris and Miss Evelyn Wilson, teachers of the home making classes at Washington High school announce that the girls have completed 65 garments for the Red Cross and have nearly 40 sweaters about finished.

School Graduates Wanted To Take Forestry Training

SAN FRANCISCO—High school graduates are wanted by the U. S. Forest Service for vocational forestry training and for defense jobs in the woods according to an announcement by U. S. Regional Forester S. B. Show.

The Mt. Shasta Vocational Forestry School at the NYA Resident Center will open a training course in February for qualified high school graduates with an interest in forestry and lumbering. The summer term will be spent by qualified students as forest guards in actual work of fire protection in the state.

Applicants must be between the ages of 17 and 24, unmarried and in good physical condition. Transportation to the school and return will be paid by the NYA, text books are free and there is no tuition charge. While attending regular sessions students will be paid \$30 a month for 60 hours' work, from which \$22 is deducted for board. Additional time is available for related school courses.

Interested high school graduates and students graduating this month should address communications to Forestry Resident Project, care U. S. Forest Service, Mt. Shasta City, California. The spring semester began January 26 and enrollments will close February 15.

WORK STARTS ON WORLD'S LARGEST SHORT WAVE STATION

SAN FRANCISCO — KWID, the world's most powerful short wave radio station, is expected to go on the air daily to the Far East, Australia, South and Central America from San Francisco this spring. Construction started this week on the transmitter.

With an operating power of 100,000 watts, high efficiency antenna will give KWID a peak beam equivalent to 5,200,000 watts.

"HE PROFITS MOST WHO SERVES BEST"

The time has come when we as veterans of World War No. 1 once again must respond to the call of our country. The American Legion of which you are, or should be a member, is taking a very active part in all lines of defense work. Are you doing your part? Are you going to sit back and let your comrades do all the work? Are you going to be in the class of a slacker? No, you are going to pay your dues to the American Legion, be a member in good standing and join the ranks with your Buddy Legionnaires who need your help and assistance during this world wide turmoil for the preservation of our Democracy.

My Comrades, it is an honor to every ex-service man to be a member of America's most loyal and patriotic organization, the AMERICAN LEGION. An organization which preaches and teaches the principles of JUSTICE, FREEDOM, DEMOCRACY and LOYALTY. No nicer or truer words which we all should live up to were ever written, than the Preamble to the Constitution which is as follows:

"For God and country, we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our association in the great war; to inculcate a sense of individual obligation to the Community, State and Nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of JUSTICE, FREEDOM and DEMOCRACY; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

It is our duty as good citizens of these United States of America to pledge ourselves and buy defense bonds, stamps, serve our Community, State and Nation now, not tomorrow, — tomorrow may be too late.

Washington Township Post No. 195 of the American Legion meets on the second and fourth Wednesday of each month at the Veterans Memorial building located at Niles California.

Join your comrades in the Legion.

Serve your country by doing your share.

Make America safe for Americans.

Yours in comradeship,

Geo. L. Smith,

Past Commander, year 1931.

"EMERGENCE-Y"

Styles of speech, as well as pronunciations, change with the years.

The newspapers universally refer to a battle zone as a "theatre of operations." This is nasty.

A theatre is usually associated in one's mind with a place of recreation and entertainment. Is a battle field a place of entertainment?

An operation is usually associated with a hospital and a surgeon. While the soldiers are "operating" on one another (pretty picture?) with bullets and bombs, one could still refer to a battle zone as a battle field, or a field of war or military activity.

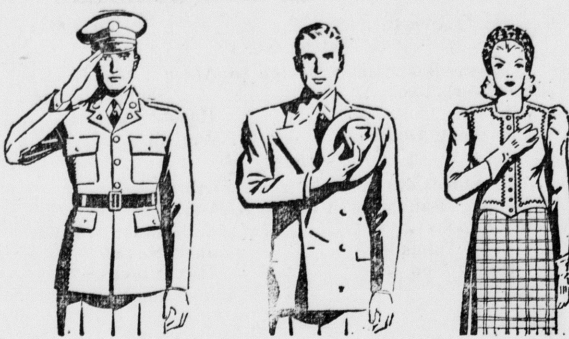

In the minds of our leaders, newspaper writers and the general public we are now engaged in an "emergency". We have been engaged in wars before and we called that period of time a "war period", not an "emergency."

President Roosevelt proclaimed a national "emergency" when he first took office nine years ago. The emergency, however, existed before he took office;

Editorial Page of the Township Register

Every Patriotic American

Salutes His Nation's Flag

During the ceremony of hoisting or lowering the Flag, or when the Flag is passing in a parade or in a review, all persons present should face the Flag, stand at attention and salute.

Those present in uniform should render the right hand salute.

Those men not in uniform should remove their headdress

with the right hand and hold it at the left shoulder, the hand being over the heart.

Women should salute by placing the right hand over the heart.

The salute to the Flag in a moving column is rendered as the Flag approaches the spectator and is held until it has passed.

FDR only put the situation into words.

This general applying of new words to old situations is queer; and is another indication of the mental dislocation which we, as well as all other nations, have suffered from since Hitler took power, which happened to be on FDR's birthday in 1933.

Funny world. Funny situation, Inexplicable period of time and thought.

Our chief hope lies in the fact, as recorded on this page editorially about a year ago, that the word "emergency" has another meaning beside the generally accepted one of "pressing necessity" or "exigency."

It also means, according to a big Webster's dictionary: "Act of emerging, especially sudden or unexpected APPEARANCE or occurrence."

Christian believers can take hope in that. Quoting from Revelations, St. John records after Jesus' ascension, two men from Heaven, — probably Moses and Elias (Elijah) — spoke to the people on the road to Emmaus thus: "Why stand ye there, ye men of Galilee? As ye saw HIM taken from you HE WILL IN LIKE MANNER RE-APPEAR."

Make what you can of it. — W.W.

PLEASE LORD

Give me good digestion, Lord,
And also something to digest.
Give me a healthy body, Lord,
With sense to keep it at its best.
Give me a healthy mind, Good Lord,
To keep the good and pure in sight.
Which seeing sin is not appalled,
But finds a way to set it right.
Give me a mind that is not bored,
That does not whimper, whine or sigh.
Don't let me worry over much
About this fussy thing called I.
Give me a sense of humor, Lord:
Give me the grace to see a joke,
To get some happiness from life
And pass it on to other folks.

—An old English prayer found in Chester Cathedral.

WE HAVE "EMERGED" INTO W-A-R

Collier's magazine writes editorially last week that the President does not like the title "defense" bonds. He wants them called War Bonds — and so do we.

We don't like the word "emergency" either, Mr. President. The emergency ended when Jap bombs fell on Hawaii. We are AT WAR, and glad the issue has come to a recognizable head after years of uncertainty.

Americans know how to conduct themselves in a war. Nobody knows how to conduct himself or herself in an "emergency" which is a stop-gap designation for a confused civilian era.

The emergency ended when the war began. Let's drop the term emergency along with the former civilian confusion.

We are now embarked in the United States' seventh major war. We are buying WAR bonds in order to finance — not an emergency — but A WAR.

Let's all emerge from our emergency methods of sloppy thinking and act, and think and fight: WAR. We don't need to be coddled longer with such ideological pabulum as is contained in the word "emergency." That era definitely ended when the first bomb whistled without warning on December 7.

He has replaced it with the "W.P.D." which might mean "We Pile Debts," but really means War Production Board. (Notice he does not call it E.P.D. for "Emergency" Production Board.) Mr. Nelson must have heard about the war! Nelson now becomes the modern Bernard Baruch and we will get action from here on.

VIEWS and OBSERVATIONS

(Continued from Page Six)

THE RUBBER shortage may not be as short as feared. One group says the pinch is very bad; another group insists that by the end of this year we will have a greater stock pile of rubber derived from synthetic bases, reclaimed waste, guayule, and new imports of real rubber from Africa, Central and South America, than both military and civilian demands will require. —These contradictory statements by those in the know is typical of nearly every line of thought in our country. Surely the times are confusing and the sources of thought are all jumbled up. Only time will resolve these conflicting issues, time and a lot of effort.

SUGAR is definitely to be rationed, beginning February 1. Most of the sugar in Cuba is to be diverted into manufacturing industrial alcohol. And we have to have sugar for the Allies, too. In England now each person is allowed half a pound of sugar per week. Enough to sweeten coffee and cereal, though not enough for baking.

Wonder what the sugar rationing will do to candy manufacturers and bakery goods? Soap will be next on the rationing list. We are at war and these are very minor sacrifices for U. S. to be called upon to make.

THE IMPACT of the United States entering the war seems to have definitely knocked the initiative out of Hitler. Nearly two months and he has done nothing of any consequence. Perhaps he's planning new devilment for the spring?

Now that we are in it we **UNITE TO CONQUER** and thus defeat his brutal strategy of "divide and conquer."

ON THE 13th. day of the second session the state legislature passed a State Guard bill authorizing an active strength of 8,000 men, an enlisted reserve of 16,000 men and \$8,000,000 to carry the activity through this year.

General Donovan, head of the Guard was quoted in Saturday afternoon's newspapers as saying that the bill the legislature passed is not workable. So he invites the five former legislators now serving in the State Guard to tell him how to make their new bill work.

When civilians try to run military activities the military suffers. Yet soldiers can't make their own laws. So the conflict and confusion continue, in one form or another, until the Man on the Street ceases to care. . .

MY MISTAKE! The general and admiral in charge of our forces in Hawaii have been found definitely asleep the morning of the Pearl Harbor attack. They were cabled Saturday night, December 6 to be on the alert. So both officers went out to dinner, each taking for granted the other would take care of the order.

But neither of them did, so 2,789 American soldiers and sailors gave their lives needlessly. A Jap submarine was sunk in Pearl Harbor an hour and a half before the big attack, still the forces were not ordered to be on the alert.

A non-com, practicing on a sound-detector heard the approaching planes 53 minutes before they struck. The green officer to whom he reported "thought" the planes were our own on patrol. He did not take the trouble to check on it.

The anti-submarine nets at the gates to Pearl Harbor were opened at 4:30 a. m. that historic Sunday and were not closed again until 11 a. m. Etc. etc.

Well, its easy enough to find fault and attach blame after the horse is stolen. . .

Meantime our planes and ships in the Far East are giving fine accounts of themselves, their superiority at Burma running from 10 to 1 to 33 to 1 over the enemy. Give our men planes turn 'em loose, and let 'em fight. We've never lost a war yet and we are not going to lose this one!

IN PLANNING SUGAR rationing to start about February 1 the government bemoans stoppage of imports of cane sugar from the Philippines, reduction of imports of the same from Hawaii and diversion of the big Cuban crop to

SEVEN MILLION TAX DRAFTEES

(Editorial)

(Income Tax to Recruit vast Army of Small Earners)
For the first time in their lives, 7,000,000 Americans must march down on March 15 for a personal date with the nearest U. S. income tax collector.

Every single person without dependents must pay a tax on every dollar earned above \$750 in 1941 (which is \$14.42 a week!), and the married man begins to pay on earnings above \$1500 (which is \$28.84 a week!) That is really dipping down to where it hurts! But there will be no protests from patriotic tax draftees. Submission to the Axis yoke is unthinkable to American minds — and victory will be well worth all it costs.

For the first time in their lives, too, many of these new tax draftees will become personally interested in observing how their hard-earned, sacrificially-given tax dollars are used by the government. It is interesting to observe that taxpayer groups and civic bodies sponsoring a move to repeal the State income tax in California are directing their educational appeal at the "little fellow" as well as the big taxpayer.

The war-rich State treasury doesn't need the income tax revenue, repeal proponents point out, and continuance of the tax is in imposition upon Californians rich and poor alike since most States do not levy an income tax. Repeal of the State tax will release more money for the purchase of defense stamps and bonds and will also make it a bit easier for citizens to pay the sharply increased Federal income tax. Taxpayers large and small will give careful ear to such arguments now that all alike are contributing to the common pot until it hurts.

Most of us will feel as Dorothy Thompson the columnist did when she wrote: "I'm glad there are 7,000,000 more of us!"

making industrial alcohol.

Nothing seems to be said, however of our big domestic production of beet sugar which comprises a large industry in California and is the main agricultural industry of the Mormons in Utah and Idaho.

Beet sugar is every bit as good as cane sugar, and over-fearful housewives seem to have brought this rationing upon themselves. With an allowance of a pound per week per person we will not suffer any deprivation.

Meantime the government has taken all restrictions off sugar planting and patriotic farmers of Central California counties will plant all they can of sugar beets this year. The "sweet essence of profits" should provide an inducement!

IF TIN is going to be as scarce as the government fears, why does it not suggest to the public that clean empty cans be saved, melted down and rolled out into new tin cans? If all the supply of tinned groceries now on hand in wholesale and retail establishments and housewives shelves were saved to be used over again, we would have enough tin on hand for almost perpetual use.

In the absence of any plan we use a can but once, open it and throw it away. More than 50 million cans must be opened and wasted by American families every DAY — and the government does not suggest that anything be done about it.

We, the Public would be very glad to comply with our government's suggestions for economy and avoidance of waste — if our leaders would but issue the necessary requests — or orders.

CONFUSION IS rampant these days. The war had such a terrific impact on our industrial and domestic economy the adjustments are not yet nearly made.

The OPM is being replaced by the WPD. Washington Township has been granted a priority area status which is theoretically a great advantage, but practically means nothing so far. Private building can now proceed except that nails cannot be had because manufacturers are not making any. The government has set aside nearly all the nails wholesalers had on hand. So we are back where we started from.

Niles was designated one of the three basing points for scrap metal on the Pacific Coast, some months

ago. Does one now see great accumulations of scrap metal in or around Niles? One does not. In fact Pacific States Steel is not now buying any more scrap, it is reported, because they have too large a supply now on hand. Hence, having Niles designated a scrap basing area, along with South San Francisco and Los Angeles is a theoretical "feather in our cap," but actually, — means nothing.

Even we who live here in this selected scrap basing area are not waging patriotic scrap metal drives, because we have no place to sell the metal so picked up.

The legislature late last week, after 13 days of wrangling during a second session passed what they thought was a satisfactory State Guard bill, appropriated the necessary funds, and went home.

A few days later the Adjutant General, who administers the State Guard along with the Governor, asked legislators who themselves are members of the Guard, how to make the bill work?

The AGO is confused, the legislators were confused . . . which leaves the State Guard where?

All one can do is patiently wait until the issues involved clarify themselves. Meantime civilians have to hang onto their threads of normal life, and await the chance to do their part in the vast war effort. Our leaders in Washington are wrestling as best they may with the gigantic industrial dislocation; we have to be patient meantime and live our own lives as normally as we can.

Columnists are agreed that we are experiencing the strangest, most confused period of time in history. What is to "emerge" from the "emergency" — let's call it WAR — remains to be seen.

OUR BOYS, AFLOAT and aloft seem to be doing alright by themselves in the Dutch East Indies. Some 29 vessels sunk in three days over the weekend is quite a mark shot at. — Turn more of our boys loose with the necessary weapons and we will hear even bigger and better reports of victories. The Japs are inspired only by fear and hate: we are inspired by a love for Truth and nothing can defeat Truth, regarding which Our Lord said "I am. . ."

And what are our boys doing in Ireland? Getting ready for a continental invasion? What a surprise that would be, to us as well as to Adolph. The Irish have somehow fought off an alliance with

England, their Mother country, just as we did, so Ireland may now serve as a physical link between Mary England and her prodigal son, Uncle Sam.

Switzerland, in the new plan of things will no doubt serve as a future melting pot of nations, and the "Terrible Turks" still thumb their nose at Hitler and still get away with it!

Only the Swedes, the fourth neutral nation in Europe, seem to be left out of the New Picture of American Emancipation of the World!

SOME OF THE new deal's pet experiments seem to be going by the boards because of the war: farmers are not only permitted but urged to plant all they can, thus ending the former funny "philosophy of scarcity." Farmers should be happy now, especially with the recent heavy rains.

Next, FDR wants the anti-trust laws suspended "for the duration," because only big firms can handle big contracts.

Maybe pretty soon Americans (sh-h-h! "rugged individualists!") may be able to recognize again the America they used to know, and still love, regardless.

IN ORDER TO promote the purchase of defense bonds and stamps the Livermore district has appointed three persons to make house-to-house calls in each voting precinct. — Sales in our Township seem to be going pretty well just at present just by voluntary purchases. And how is your defense bond today?

GOING UP! THE Interstate Commerce Commission has granted railroads permission to increase all passenger fares ten percent, and the Railway Express agency may now charge an extra 10c per package on all packages sent, as an "emergency" charge.

The President has signed a bill authorizing establishment of a special limited service of a Marine Corps composed of World War veterans and older men to be used in patrolling and guarding vital facilities.

ADD: CONFUSION — With women, both young and old everywhere knitting sweaters, mittens, etc. for the Red Cross what is one's astonishment to see on the front page of Tuesday's daily papers a plea from Washington NOT to knit sweaters, etc.

The Associated Press dispatch reads:

WASHINGTON, Jan. 27 — The War Production Board adopted an "official position" today on the question of women knitting sweaters for soldiers and sailors.

Don't knit, the board suggested, unless the sweaters are absolutely needed by the armed forces and commanding officers have requested them.

"We don't want a wave of knitting that will consume millions of pounds of wool needed for more essential purposes," R. R. Guthrie, chief of the WPB textiles branch, explained.

A lot of big-hearted "Sister Susies" might as well quit "knitting sox for soldiers." 'Tis a funny world, m'lads and ladies.

THREE FIRE ALARMS SOUND IN NILES; CAR EXTINGUISHED

The Niles fire siren went off three times on Wednesday of last week. The first call, which occurred shortly after noon proved to be a false alarm, making the third such to be sounded here since the war started. About 10:30 at night, following a heavy downpour the truck responded to a second call and put out a fire in the cushions of a small automobile parked in the alley behind the Niles Theatre. The blaze was believed caused by a cigarette which fell into the cushions.

An hour later, just before midnight the alarm sounded for the third time. It seems a lady driving down the main street had faulty brakes and the linings started to smoke. By the time the fire truck responded the drums had cooled and the firemen went home to bed.

Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy. — I Timothy 6: 17.

ALIENS MUST APPLY FOR CARDS OF IDENTITY

All German, Italian and Japanese nationals residing in the states of California, Oregon, Washington, Nevada, Arizona, Montana, Utah and Idaho are required to file applications at the nearest first or second class post office between February 2 and February 7, inclusive.

All German, Italian and Japanese nationals residing elsewhere in continental United States are required to file applications at the nearest first or second class post office between February 9 and February 28, inclusive.

Failure to comply with the new regulations may be punished by severe penalties, including possible internment of the enemy alien for the duration of the war.

The regulations require enemy aliens, in applying for identification certificates, to provide a photograph of themselves (to be attached to the identity card) and to answer a number of questions concerning their current activities. Printed directions for the filing of applications will shortly be available at post offices.

The regulations provide that after a careful check has been made of each application, the applicant will be provided with a Certificate of Identification bearing his photograph, index fingerprint and signature. He will thereafter be required to carry the certificate with him at all times.

Mrs. Roland Bendel and Miss Wini Bendel will attend the Monte Carlo Ballet Russe in San Francisco on Sunday evening.

YOU DON'T HAVE TO BE RICH to help American Defense. That's the theme of the above poster, one of the newest of the Defense Savings promotional pieces now going up in streetcars, on bulletin boards, and at other public places. This poster emphasizes the point advanced by the Treasury Department that every American can—and must—pitch in if the United States is to have the arms and the tools necessary to protect her freedom.

DOG LICENSES FOR NEW YEAR ARE NOW DUE

Dog licenses for the year 1942 are now due and payable; the state law makes it the duty of the County Clerk to provide and sell the license tags and, as in past years, he will cooperate in every way with residents in the unincorporated districts by placing deputies in various localities at specified times to facilitate sale of tags. The schedule for these deputies will be announced later.

For those who will not find it convenient to secure tags at such specified times and places, a letter addressed to G. E. Wade, County Clerk, Court House, Oakland, will bring an application. Fill this application out and return it to the County Clerk with the fee of 1.00, and a dog license tag will be mailed to you immediately. The Ordinance provides that licenses must be secured on or before April 1, 1942, or the dog owner will be required to pay an additional fee of \$1.00, a total of \$2.00.

The Board of Supervisors earnestly requests all dog owners in the unincorporated districts of the County to cooperate in the enforcement of this Ordinance.

HOSTESS' MOTHER PASSES AWAY LAST WEEK

On Wednesday of last week funeral services were held in an Oakland chapel for Mrs. Dora A. Leiter, 79, mother of Mrs. Dora Mae Scudder, garden hostess at the California Nursery company. Entombment was made in the Mountain View Cemetery.

The late Mrs. Leiter was the widow of E. T. Leiter and was the mother of Mrs. Scudder, Ray B., George L. and Clarence E. Leiter and the late Charles W. Leiter. Eleven grand children and three great grandchildren also survive her.

A native of Indiana, she was a member of the First Congregational church in Oakland.

CHINESE DIES AT AGE OF 89 IN OAKLAND HOME

PIEDMONT — Funeral services were held Wednesday morning at the Piedmont Cemetery for the late Sam Fong, who passed away Monday morning at the age of 89 at the home of his son, William Fong at 701 Jackson street in Oakland.

He was born in 1853 and came to California many years ago. He is survived by his widow, a son and daughter-in-law and two grandchildren, Ellen Mae and Elton Edward Fong.

The remains were interred at the Piedmont Cemetery.

SERVICES HELD FOR ALVARADO TEACHER

ALVARADO — Final rites were held Tuesday morning at a Hayward Mortuary for the late Mrs. Laura Orelli, 58, teacher at the Alvarado School for 18 years, who succumbed Saturday night at her home here following a paralytic stroke.

Tuesday afternoon at 4 o'clock services were held at the Union Cemetery at Placerville where the remains were interred. Reverend J. L. Webster of Newark conducted a ritual at Hayward under the auspices of the Orient Chapter of Eastern Star of which the late teacher had been a member. She was also a member of the Alvarado Rebekahs and the National Educational association. Surviving are two children, Even Orelli of Berkeley and Mrs. H. J. Bradley.

JOSEPH W. ENOS INTERRED AT ST. JOSEPH'S

IRVINGTON — Funeral rites were held from the Berge Mortuary here last Friday morning for Joseph William Enos, 52, who died in Sunnyvale early last week. Requiem high mass was said at St. Joseph's Church and interment was made in the Church's cemetery. The Rosary was recited in the Berge Parlor the evening before the final services.

Enos was the husband of Mildred Correia Enos, the father of Junette Enos the brother of Nora Enos of Niles, Mrs. Alfred Azeveda of San Leandro, Mrs. Bella Brown of Hayward, Manuel Enos of San Francisco and the son-in-law of Joseph V. Correia of Mission San Jose. He was a native of Danville Calif.

NILES RESIDENT ENDS SUFFERING BY SUICIDE

Funeral services were held at the Berge Mortuary Monday morning in Niles with Reverend Arnold Nash of Centerville officiating, for the late Frederick Herbert Scott, 60 who died from self-inflicted shotgun wounds due to ill health, at his home on the Nursery Road Saturday morning. Cremation followed at Oak Hill Crematorium in San Jose.

He was the brother of H. L. Scott, Niles merchant, and had other relatives in South Africa. He had lived in this community about 10 years. Officers who investigated the tragedy found notes which indicated the act was caused by despondency as a result of a long illness.

MOTHER OF NILES MAN INTERRED AT SANTA CLARA

SANTA CLARA — Funeral services were held at a local parlor here on Tuesday morning for the late Mrs. Anna George Pimentell, a native of Flores, the Azores Islands who passed away last Sunday in San Jose at the age of 84 years.

She was the mother of Joseph Pimentell, Mrs. Mary Oliver, George Pimentell of Niles, Mrs. Rose Pereira, Mrs. Belle Higgins of San Francisco, Mrs. Annie Rogers of Stockton and Tony Pimentell of Hayward.

Interment was made in the family plot at the Santa Clara City Cemetery.

MOTHER OF NILES MAN PASSES AWAY

L. R. Dray of Niles was notified on Sunday morning that his mother, Mrs. Marie A. Dray, 76 had succumbed in her home in San Francisco, where she was born. Services were held Wednesday from a San Francisco Parlor, with cremation and interment following at Cypress Lawn Cemetery.

Survivors include the following sons: Chief Petty Officer John E. Dray, U. S. N.; W. J. Dray of Los Angeles, C. M. Dray of San Francisco, L. R. Dray of Niles; a daughter, Mrs. Alice Marie Lincoln of Coalinga; and many grandchildren.

"GRANDPA HENRY" PASSES

Charles William Henry, a former resident of Niles, died in Oakland on January 22. While in Niles, Mr. Henry made his home for a number of years with his son, Russell Henry, and family at the Hotel Belvoir and was affectionally known to his friends as "Grandpa Henry." He was 85 years old at the time of his death. He is survived by his widow, Mrs. Emma Henry and two sons, Russell Henry of Oakland and Hal D. Henry of Fort Collins, Colorado. Interment was made at Evergreen Cemetery.

MEN ALREADY REGISTERED NEED NOT SIGN AGAIN

Men who have already registered under the Selective Training and Service Act will not be obliged to register next month when the Nation's first war time manpower inventory is affected under the third registration call.

This clarification was made today by Brig. General Joseph O. Donovan, state director of selective service, resulting innumerable inquiries. General Donovan said:

"Men who have registered on one of the first two calls do not have to register again February 14-16 when it is estimated some 600,000 men between the ages of 20 and 44 years will be signed up as potential selectee-soldiers."

"This registration will be for those men born on or after February 17, 1897 and on or before December 31, 1921. Future registrations will be held in other age brackets to include the amended Selective Training and Service Act which obligates men between the ages of 18-64 years to sign up."

General Donovan also said that men who were recently discharged from the armed forces of the Na-

tion under the 28 year old and over clause will not come under the jurisdiction of Selective Service. These men are listed as reserves and as such are subject to call by the War Department without further obligation or contact with Selective Service.

SUDDEN DEATH OF CENTERVILLE GIRL IS SHOCK

CENTERVILLE — Final rites were held Wednesday morning at the Chapel of the Palms for Miss Dorothy Silva, 19, popular local girl, whose sudden death after only a week's illness came as a great shock to her friends. Mass was said at the Holy Ghost Church and interment was made in the Holy Sepulchre Cemetery.

She was the daughter of Mr. and Mrs. Manuel Silva of Fremont avenue and the sister of Geraldine Silva. A native of Centerville, she was a graduate of Washington Union High School.

The Alvarado Air Warning Service post has moved from its former chilly quarters in a tent at Hall Station into the gate-keeper's office at the Holly Sugar mill, which has been kindly donated for the purpose.
